Little Inventors Disney Princess Challenge

Disney Princesses always face great challenges with courage, kindness and strive to help people around them. This is your chance to use your imagination, dream BIG and get inventing with your favourite princess to make the world a better place. It's time to take the Little Inventors challenge!

Merida Fear Conqueror!

Merida is headstrong but kind-hearted and above all she loves her family very much. She is very courageous and will face all sorts of scary or dangerous situations to protect them.

What can you invent that could help someone be brave?

Get Inspired!

Merida faces spirits, bears, witches! What are the things that you or someone around you finds scary or difficult?

But she is also really brave when she speaks up in front of the clans! Sometimes speaking up can be terrifying too - what situation do you find scary?

Facing your fears can help you try new things! What is something you really wish you could do but don't quite dare to try?

Now that you've thought about all this, it's your turn to come up with an idea that gives people a chance to try something new, or overcome their fears.

Jasmine,
Rapunzel and
Ariel also have
challenges for
you!

Share your invention drawing with us for a chance to win a truly one-of-a-kind prize - an original piece of Disney artwork of you drawn by a Walt Disney Animation Studios animator! Five runners up will also win a fantastic Disney goodie bag!
